

Desking Collection

SL8

POSH

A Herman Miller Company

Better Design • Better Environment

Manufacturing System
SL8 desking is produced in manufacturing facilities whose processes are certified to ISO 9001 and ISO 14001 quality standards.

SL8 | Executive Table

With its distinctive clean lines and care for details, SL8 Executive tables offer an elegant and modern design for professional managers.

40mm thick worktops are available in glass and artificial leather with aluminum frames. Other options also include veneer and melamine with optional matching modesty panels.

Pedestals, shelving units and return cabinets are available to complement the main tables to form functional solutions.

Desktop with integrated technology track providing access to power and data can be specified for added convenience.

SL8 | Conference Table

V-shaped end legs are hallmarks of the SL8 conference table designs.

Intermediate leg frames with smaller depth offer more leg rooms for users at long meeting tables.

Central spine with access to cable tray under worktops or integrated desktop power and data tracks combines elegance with functionality.

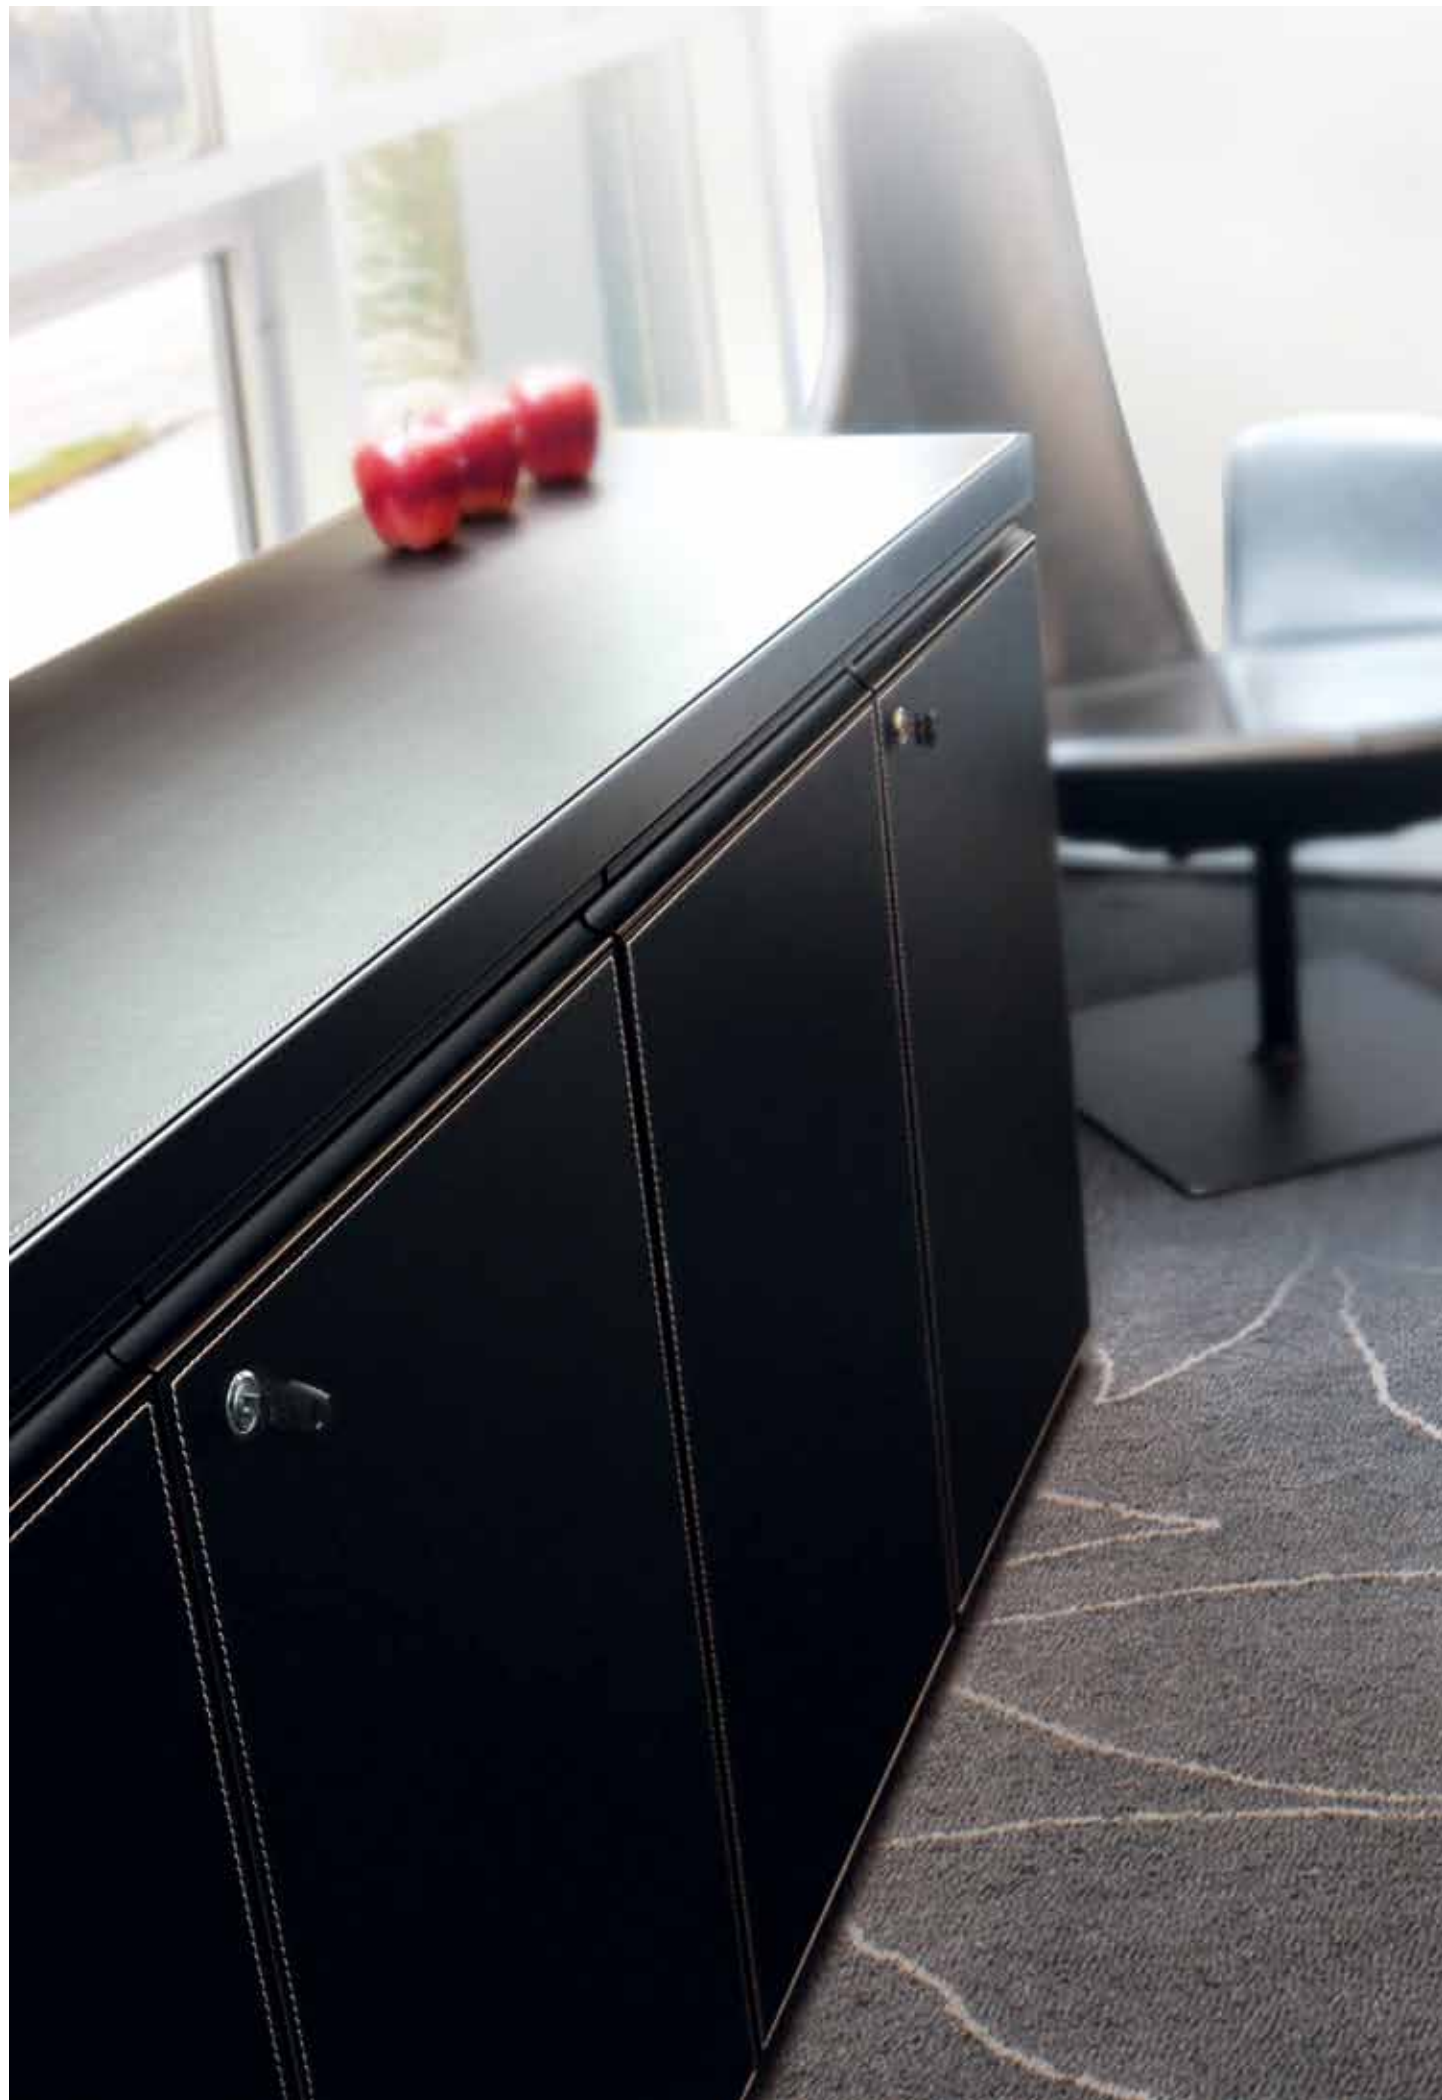

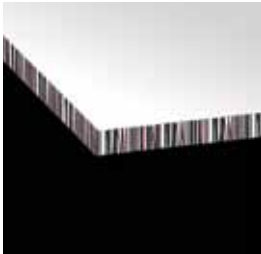

SL8 | Bench Table
with veneer or melamine
tops and gable ends.

SL8 | Bench Table
with 3Form® or back-painted
glass gable ends.

SL8 | Options

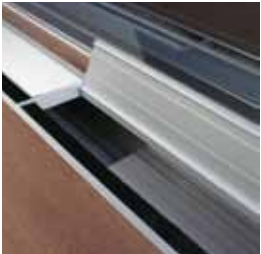

Melamine or laminate tops are available in 38mm thickness with choices of edge bands.

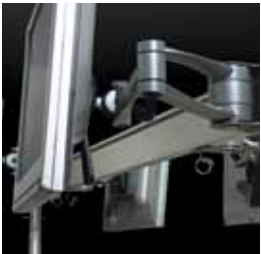

Glass tops and leather tops for executive and conference tables are detailed with aluminum surrounds in 40mm. Artificial leather tops are edged with top stitching as distinctive feature.

Technology bar with continuous power access and data outlets are available as freestanding element or integrated feature of SL8.

Full width cable trunks with aluminum flip tops integrate with table structure and serve as central service spine.

Different types of monitor arm can be integrated with the table structure and central service spine.
