

### SLH Tables

- SLH is a freestanding twin-beams table program with tubular leg design.
- The tubular legs are made of Dia. 50mm steel tube with powder coating or chrome finish.
- Spanning across the width of table, 30mm x 30mm steel cross beams are connected to primary 30mm x 60mm cranked steel sections that connect the tubular legs together.
- Fixed height tables are fitted with leveling glides or lockable wheels.
- Adjustable height tables are fitted with extruded aluminum sections that allow height adjustment between 680mm and 860mm.

**SLH rectangular tables** are available in 6 standard widths (1000mm, 1200mm, 1400mm, 1500mm, 1600mm and 1800mm) and 3 standard depths (600mm, 700mm and 800mm).

- Modesty panel can be added as options.
- Worksurfaces are 25mm thick in melamine, laminate or veneer (available in a range of finishes).

**SLH L-shape tables** are available in 3 standard widths (1500mm, 1600mm and 1800mm) and 2 standard depths (600mm and 800mm).

- L-shaped tables are offered with 3 H-leg frames or 2 H-leg frames with floor-supporting pedestal.

**SLH Bench tables** are available in 5 standard configurations (2-men, 4-men, 6-men, 8-men and 10-men) in 5 standard individual workstation widths (1000mm, 1200mm, 1400mm, 1600mm and 1800mm) and 3 standard depths (1230mm, 1430mm and 1630mm).

- To offer maximum flexibility to suit individual or team requirements, SLH bench table configurations are equipped with recessed middle legs.
- Worksurfaces are equipped with W300mm standard flip tops for easy access to cable baskets that are fitted under desktops

- EN3 Desktop screens in glass, aluminum tool rails, and tackable fabric are available to provide spatial separation with different degree of privacy.
- Half-Bench is also available in 3 standard depths (630mm, 730mm and 830mm).

**SLH Conference tables** are available in 4 standard widths (2400mm, 3200mm, 4000mm and 4800mm) and a standard depth of 1200mm in rectangular or barrel shape.

- Flip tops with access to cable trays under worktops integrates elegance with functionality for business meetings.
- SLH tables with lockable wheels are designed to provide mobile impromptu meeting points.

**SLH Executive tables** are available in 3 standard width (1800mm, 2000mm and 2400mm) and 3 standard depths (800mm, 900mm and 1000mm).

- Worktops available in veneer, glass, laminate and melamine with matching modesty panels as an option.
- Pedestals and return cabinets are available to complement the freestanding table to form a functional solution.
- Available in standard rectangular frame or with wing extensions.

### Performance:

- SLO table system has been tested and proved to comply and exceed the requirements of ANSI / BIFMA X5.5 on structural performance and X7.1 on low emission.
- SLO tables are GECA-approved.
- SLO tables can contribute to LEED certification.
