

SLO Freestanding Table

- SLO is a freestanding table program with simple yet distinctive design. Its open frame profile and floating worktop design gives the program great lightness and geometric richness.
- The open-frame leg supports are made of 30mm x 60mm x 2mm thick rectangular steel sections with powder coating finish or in stainless steel.
- Cross beams are made of 30mm x 30mm steel sections in powder coating finish.

SLO rectangular tables are available in 6 standard widths (1000mm, 1200mm, 1400mm, 1500mm, 1600mm and 1800mm) and 3 standard depths (600mm, 700mm and 800mm).

- Modesty panel can be added as options.
- 25mm thick worksurfaces are available in melamine, laminate or veneer (available in a range of finishes) as well as in 15mm thick tempered glass (clear, tinted or coloured).

SLO L-shape tables are available in 3 standard widths (1500mm, 1600mm and 1800mm) and 2 standard depths (600mm and 800mm).

- L - shaped tables are offered with 3 open-leg frames or 2 open-leg frames with floor-supporting pedestal.

SLO Bench tables are available in 5 standard configurations (2-men, 4-men, 6-men, 8-men and 10-men) in 5 standard individual workstation widths (1000mm, 1200mm, 1400mm, 1600mm and 1800mm) and 3 standard depths (1230mm, 1430mm and 1630mm).

- To offer maximum flexibility to suit individual or team requirements, SLO bench table configurations are equipped with middle leg frames in a smaller depth.
- Worksurfaces can be equipped with scallops or W300mm standard flip tops for easy access to cable baskets that are fitted under desktops.

- EN3 Desktop screens in glass, aluminum tool rails, and tackable fabric are available to provide spatial separation with different degree of privacy.
- Half-Bench is also available in 3 standard depths (630mm, 730mm and 830mm).

SLO Conference tables are available in 5 standard widths (2400mm, 3000mm, 3200mm, 3800mm and 4600mm) and 3 standard depths (1200mm, 1400mm and 1600mm).

- Overhang structures at table ends are hallmarks of the SLO conference table designs.
- Central spine with access to steel cable trays or cable baskets under worktops integrates elegance with functionality for business meetings.
- Intermediate leg frames with smaller depth offer more leg rooms for users at long meeting tables.

SLO Executive tables are available in 3 standard widths (1800mm, 2000mm and 2400mm) and 3 standard depths (800mm, 900mm and 1000mm).

- Worktops available in veneer, glass, laminate and melamine with matching modesty panels.
- Pedestals and return cabinets are available to complement the freestanding table to form a functional solution.
- Available in standard rectangular frame and T-frame with wing extensions.

Performance:

- SLO table system has been tested and proved to comply and exceed the requirements of ANSI / BIFMA X5.5 on structural performance and X7.1 on low emission.
- SLO tables are GECA-approved.
- SLO tables can contribute to LEED certification.
